Your Lincoln Family would like to say how much we enjoyed watching your children learn and grow. One of the best summer activities is to involve your child in as many reading activities as possible. According to research,* students who do not read over the summer can lose as much as 22% of their reading level. That means 2 months of school, down the drain! You can help prevent this summer reading loss by encouraging your child to read something every day.

Be sure to watch when the Jackson-Madison County Public Library reopens. It is always free of charge. Check out the following educational websites that promote reading.
