MADISON ACADEMIC MAGNET HIGH SCHOOL VISION STATEMENT:
Madison Academic Magnet High School will create a model of academic excellence and will meet the need of every student to master grade level curriculum and state mandated standards to become life-long learners.

MADISON ACADEMIC MAGNET HIGH SCHOOL MISSION STATEMENT:
The mission of Madison Academic Magnet High School is to provide a rigorous secondary curriculum that ensures our students master the academic skills that will enable them to become life-long learners.

MADISON ACADEMIC MAGNET HIGH SCHOOL
Madison Academic Magnet High School offers a rigorous college preparatory curriculum through courses dedicated to academic excellence and personal growth. All students are monitored and evaluated each grading period. A student is placed on academic probation if (1) the grade point average falls below 2.0 (based on a 4.0 grading scale) for one full term and/or (2) the student fails one or more subjects for the term. Academic probation is for one full term and is an opportunity for the student to improve.

If the student ends the probationary term with a grade point average of 2.0 or greater and with no failing grade(s) for that probationary term, he/she will be allowed to continue for the following term and will no longer be on academic probation. Failure to meet these conditions will result in transfer to the student’s zoned school.

A student who has been returned to his/her zoned school because he/she has failed academic probation may return to Madison Academic Magnet High School if he/she meets the following conditions:
1. He/she must attend his/her zoned school for 2 academic terms.
2. He/she must have a 2.0 GPA during 2 academic terms with no failing grades.
3. He/she must take honors classes in the core academic areas during the 2 academic terms.
4. The sibling clause will not apply to a student applying to return to Madison.
5. The student will be placed on the waiting list for his/her grade level and will be allowed to return provided space is available.

**Alma Mater**

O Madison, we love your hallowed name.  
Emboldened by your high ideals and aims,  
Our hearts will ever cherish thy halls and quick’ning vision,  
And ne’er our thoughts, O Madison, could long forget your charge.  
Though we must leave, ‘tis thee we love,  
For as we wander through the years to be  
O Madison, we’ll ever sing of thee.

DIPLOMAS FOR STUDENTS ENTERING HIGH SCHOOL

A. HIGH SCHOOL DIPLOMA
To earn a regular high school diploma, students attending Madison Academic High School must earn the prescribed 28-credit-minimum and have a satisfactory record of attendance and discipline.

B. END-OF-COURSE EXAMINATIONS
End-of-course examinations will be given in English I, English II, English III, Algebra I, Geometry, Algebra II, U.S. History, Biology I, Chemistry, and Physics. The yearly grade will be calculated by counting the teacher assigned grades for the course 75% and counting the end-of-course test grade 25%. For students with disabilities, the Tennessee State Board of Education High School Policy 2.103 provides for an alternative performance-based assessment for students failing to earn a yearly grade of seventy (70) in a course that has an end-of-course exam and whose disability adversely affects performance on that test. The necessity for an alternative performance-based assessment must be determined through the student's individualized education plan (IEP).

MAKE-UP POLICY FOR END-OF-COURSE EXAMINATIONS
Guidelines established by the State Board of Education will be followed when a student is absent for the administration of the
end-of-course examinations.

C. GRADUATING WITH HONORS
Students who have met the graduation requirements and maintained an overall grade point average of 3.0 or higher will graduate with Honors. Students will be recognized at graduation by denoting the type achievement in the graduation program and by allowing special recognition on their graduation uniform as determined by their home school.

D. GRADUATING WITH STATE DISTINCTION
Students who score at or above all the subject area readiness benchmarks on the ACT or equivalent score on the SAT will graduate with State Honors. Students will be recognized at graduation by denoting the type achievement in the graduation program and by allowing special recognition on their graduation uniform as determined by their home school.

E. GRADUATING WITH STATE DISTINCTION
Students will be recognized as graduating with distinction by attaining a 3.0 average and completing at least one of the following:
• earn a nationally recognized industry certification
• participate in at least one of the Governor's Schools
• participate in one of the state's All State musical organizations
• be selected as a National Merit Finalist or Semi-Finalist
• attain a score of 31 or higher composite score on the ACT
• attain a score of 3 or higher on at least two advanced placement exams
• successfully complete the International Baccalaureate Diploma Programme
• earn 12 or more semester hours of transcribed postsecondary credit.
Students will be recognized at graduation by denoting the type achievement in the graduation program and by allowing special recognition on their graduation uniform as determined by their home school.

F. Distinguished Honors GRADUATE
Students must earn a G.P.A. of 3.2 or greater and meet the requirements for one of the following seals:

1. Academic Scholars Seal: An Academic Scholars Seal will be placed on the diploma of students who complete the specific requirements on the university,
technical, or dual path and successfully complete 8 honors courses to be selected from the following list:

G. The valedictorian and salutatorian must have completed eight of the honors courses listed above. To become a valedictorian or salutatorian, a student must have completed four (4) of the eight (8) terms during enrollment in the Jackson-Madison County School System, including both terms of the senior year. Class rank will be assigned on the 100 point grade scale. **(Policy 4.602)**

Calculation of Grade Point Average on a 4.0 Scale:

**MADISON ACADEMIC COMMUNITY SERVICE REQUIREMENT**

All freshman entering Madison Academic in the fall of 2006 and thereafter must complete 60 hours of documented community service as a requirement for graduation. The counselors will
provide a community service log to keep track of hours and will monitor completion of community service hours. Each student is required to complete and log at least 15 hours at the completion of each academic year. Community service hours served as after school detention on Tuesday and Thursday (2:30-4:30) for excessive tardiness and other infractions may not be counted toward this graduation requirement.

GRADE PLACEMENT REQUIREMENTS
(2016-2017 school year)

Students are assigned to a specific grade level according to the number of units acquired by an individual pupil. Assignment will be made as follows:

Freshman ...................................successful completion of 8th grade
Sophomore ........................................minimum of 6 units passed
Junior ..........................................................minimum of 14 units passed
Senior ............................................................minimum of 20 units passed

GRADING SYSTEM:

A. Effective with the 1995-96 school year, a student passes or fails a course on a term basis.

B. Effective with the 2011-2012 school year, final exams in all courses will count 25%. The final grade at the end of a quarter is computed by multiplying the grade at the end of the nine weeks (45 days) by three, adding the exam score, and dividing the total by four.

C. The final grade at the end of a term (18 weeks/90 days) will be determined by averaging the two nine weeks, multiplying that average by three, adding the final exam grade, and dividing that total by four.

The final grade at the end of a full-year course will be determined by averaging the four quarter grades,
multiplying the average by three, adding the final exam grade, and dividing that total by four. The End-of-Course exams will constitute the final exam grade in these courses.

D. Weighting for honors courses and National Industry Certification courses shall include the addition of 3 points to the grades used to calculate the student’s final average (each 9 weeks and the final exam) in these courses.

Weighting for Advanced Placement courses shall include the addition of 5 points to the grades used to calculate the student’s final average (each 9 weeks and the final exam) in these courses.

A student passes or fails on a term basis. The student should not repeat the course under the same teacher when possible.

The work of a student whose grades are satisfactory but are withheld because of failure to complete the required work shall be reported as incomplete (I). If the incomplete is not removed in the time designated by the administration, it will then become an “F”.

E. Grade level classification is based on a student’s maximum potential to earn high school credit. Individual consideration will be given to a transfer student whose high school offered less than eight (8) credits per year. The student’s counselor will evaluate the student’s transcript and determine the appropriate grade level based on the student’s maximum potential to earn credit.

No student within two (2) points of the passing grade of 70 will fail a course unless a minimum of two (2) instructional interventions has been documented.

High school diplomas shall be granted to students who have
met all requirements for graduation. All summer school candidates (those lacking 2 credits or less to graduate) may voluntarily participate in graduation exercises by marching and being seated after the graduates. The summer school graduates may be recognized by standing as their names are called.

**GENERAL RULES, REGULATIONS, GUIDELINES, AND CODE OF BEHAVIOR AND DISCIPLINE**

**I. SCHEDULE CHANGES**
All schedule changes must be completed before the beginning of the term and then only for one of the following reasons (Board Policy 4.605):
A. Student failed to take or successfully pass a prerequisite course.
B. Student failed a course required for graduation.
C. Student failed a course, registered for the course again, and was assigned the same instructor.
D. Student has an unbalanced schedule: that is, a balance among academic and elective courses between terms.
E. Student is enrolled in a subject for which credit has already been earned. Schedule adjustment is required because of a course taken in summer school.

**II. ABSENCES**

Attendance is a key factor in student achievement and therefore, students are expected to be present each day that school is in session. Absences shall be classified as either excused or unexcused, as determined by the principal or his/her designee. School Board Policy 6.200 gives a description of excused absences. (Policy 6.200)

When a student is absent from school, a parent's note stating the reason for the absence must be brought to the office as soon as he/she arrives at school. An admission slip to class will be issued. Students who are not in class by 7:15 with an admit slip will be counted tardy.
III. ATTENDANCE POLICY SPECIFIC TO HIGH SCHOOLS (Policy 6.200)

A. HIGH SCHOOL ATTENDANCE INCENTIVES

This incentive plan allows 11th and 12th grade students to be exempt from the class final exam if they have maintained a specified balance of number of absences and class average. The purpose of the plan is to ensure students maximum instruction.

1. A parent(s)/guardian(s) may decline to allow their child(ren) to participate in the incentive program by providing a letter stating that preference to the principal within the first two (2) weeks of the term.

2. This plan is handled class by class and does not exempt the student from any End of Course Testing

3. (For purposes of this policy an absence is any day on which the student is not in a class because of an excused/unexcused absence or suspension

   School related absences (i.e. field trips) are not counted as absences for this policy.

   In-school Suspension (ISS) is not an absence because the student is in school.

   Three (3) tardies to a class = 1 absence.

   STUDENTS WILL STILL HAVE THE OPTION TO TAKE THE EXAM IN ANY CLASS IF HE/SHE Chooses TO DO SO; however, this final exam grade will not be calculated in the final course average if it lowers the final grade.

   At the end of the grading period, teachers will notify students eligible for exemption in their class by a date established by a district attendance committee.

4. Semester Classes
An 11th or 12th grade student who misses no more than:
3 days and has an A average in a class
2 days and has a B average in a class
1 day and has a C average in a class would be exempt from the exam in that class.

5. Quarter Classes
An 11th or 12th grade student who misses no more than:
2 days and has an A average in a class
1 day and has a B average in a class
0 days and has a C average in a class would be exempt from the exam in that class.

B. Make-up Work
All missed assignments or tests (whether from excused or unexcused absences) may be made up. The teacher is responsible for providing all missed assignments. The student or parent/guardian may make the request for make-up work during the period of absence, or on the day the student returns to school. A teacher's instructional time may not be interrupted by these requests; however, information regarding make-up work will be provided within two (2) days. The student will have a minimum of two (2) days per day absent to complete the make-up work.

C. Attendance Incentives
Students with perfect attendance will have five percent (5%) of the final exam score added to their exam grade. (Example: final exam score of 80 x 5% = 84 final exam grade.) This incentive applies to End of Course Tests and final exams.

D. Tardiness
Tardy is defined as being a late arrival or an early dismissal from a class period. Three tardies will be one absence. Students who miss more than 45 minutes of a 90 minute class will be counted absent.

E. School Related Absences
1. Students will be allowed two (2) college days to be taken at their discretion beginning the second term of the junior year. These days are excused absences. Students must have prior approval of the
principal. In addition, during their senior year, students will be allowed to participate in the annual College/Career Day. The director of schools/designee shall ensure that this policy is posted in each school building and disseminated to all students, parents, teachers and administrative staff.
2. All club meetings, pep sessions, assemblies or other group meetings, workshops and athletic events will be held before school, after school or during a regularly scheduled activity period.
3. Teachers will make every possible effort to restrict field trips to the ninety-minute period in which the students are in that teacher's class.
4. Teachers will limit their requests for activities which cannot be confined to their own class time. Principals will grant approval only to those activities which are educationally sound and which must occur within the school day.
5. A teacher may request that a student be disallowed from school-related absences if the absences for that student exceed ten (10) per term. The principal and/or his designee will determine eligibility for school-related absences after such a request is filed.
6. Students will not be penalized for absences due to school-related activities that are approved by the principal.

ATTENDANCE HEARING

Students with excessive (more than 5) unexcused absences or those in danger of credit/promotion denial shall have the opportunity to appeal to an attendance hearing committee appointed by the principal. If the student chooses to appeal, the student or their parent/guardian shall be provided written or actual notice of the appeal hearing and shall be given the opportunity to address the committee. The committee will conduct a hearing to determine if any extenuating circumstances exist or to determine if the student has met attendance requirements that will allow him/her to pass the course or be promoted. Upon notification of the attendance committee decision, the principal shall send written notification to the director of schools/designee and the parent(s)/guardian(s) of the student of any action taken regarding the excessive unexcused absences. The notification shall advise parent(s)/guardian(s) of their right to appeal such action within two (2) school days to the
director of schools/designee.
The appeal shall be heard no later than ten (10) school days after
the request for appeal is received.
Within five (5) school days of the director of school/designee
rendering a decision, the student’s parent(s)/guardians may request
a hearing by the Board, and the Board shall review the record.
Following the review, the Board may affirm or overturn the
decision of the director of schools/designee. The action of the
Board is final.
The director of schools/designee shall ensure that this policy is
posted in each school building 46 and disseminated to all students,
parents, teachers and administrative staff.

IV. ADMIT SLIPS

Students must get their admit slip and be in class by 7:15. The admit slip must be signed by each teacher. The slip will be left with the 4th block teacher.

V. EARLY DISMISSALS

When it is necessary for a student to leave school early, a
note stating the reason and time to be dismissed must be
brought to the office. If a student becomes ill during the
day, the student is to report to the office. Office personnel
will contact the parent in order for the student to have
permission to leave school. The student must sign the early
dismissal book when an early dismissal slip is given. The
student must obtain an admit slip on his/her first day back
at school. Excessive early dismissals, without sufficient
cause, may require a parent/student/administration
conference. Appointment verification from doctors and
dentists are required and must be brought to the office.
Students who do not get to school in time to get their early
dismissal slip and be in class before 7:15 will be counted as
tardy.

VI. GENERAL GUIDELINES FOR STUDENT
CONDUCT AND DISCIPLINE
All students at Madison Academic Magnet High School are expected to conduct themselves in a mature, polite manner. Students who persist in conduct that disrupts the learning atmosphere and threaten the order of the school will be subject to disciplinary action. Possible disciplinary actions include in-school suspension, corporal punishment (Policy 6.314), detention (Policy 6.315), and/or suspension/expulsion/alternative school (Policy 6.316). VIII. RIGHTS AND RESPONSIBILITIES (Policy 6.301)
The Board expects all school staff, students, and parents to assume the responsibility for appropriate behaviors in the school. Each student has rights and responsibilities as outlined in Board Policy 6.301. [Code of Behavior and Discipline policy]

IX. USE OF PERSONAL COMMUNICATION DEVICES AND ELECTRONIC DEVICES IN SCHOOL (Policy 6.312)

However, a teacher may grant permission for the use of these devices to assist with instruction in the classroom, and teachers are
encouraged to integrate the devices into their course work. Students must store any electronic devices in the school office or in vehicles, backpacks, purses, pockets or carry-all so that the devices are not visible during the school day. Electronic devices which are visible during school day hours will be presumed to be on and operational and in violation of this policy.

Students assigned to an Alternative School may not use or have in possession any electronic device including but not limited to: wearable technology such as eyeglasses, rings, or watches that have the capability to record, live stream, or interact with wireless technology; any mobile telephone, cellular telephone, laptops, tablets, mp3 players, laser pointer or pen or any other type of telecommunications or imaging device during school day hours, except as expressly permitted in connection with a class assignment.

Any possession of an electronic pager by a student on school property, without the express authorization of the principal or principal’s designee, is not permitted. ¹

Students are prohibited from using electronic devices in any manner that interferes with or is disruptive of the educational process, which violates the security or integrity of educational materials or tests, or which invades the privacy of students, employees, volunteers or visitors. Unauthorized use or improper storage of a device will result in confiscation of the device until such time as it may be released to the student’s parent or guardian. A student in violation of this policy is subject to disciplinary action at the discretion of the principal.

All uses of tobacco and tobacco products, including smokeless tobacco, are prohibited in all school district buildings.
XXVII. LEAVING THE CAMPUS
Students may not leave the school premises during school hours without permission from an administrator. Students have been warned that this is an OSS offense. Disturbances and reckless driving by students will not be permitted at any time. Once a student arrives on campus, permission to leave must be obtained.

XXVIII. FIRE DRILLS
When the fire alarm sounds, students are to exit the building in a quiet, orderly manner under the supervision of the teacher. Teachers should take their roll books and call the roll. A bell will sound for returning to the building.

XXIX. EMERGENCY PREPAREDNESS PLAN (Policy 3.202) & DISASTER DRILLS
Emergency preparedness drills will be developed and implemented by each principal, with approval of the director of schools, and when appropriate, be held in conjunction with emergency response agencies. These procedures shall be in written form and distributed to all staff, students and parents. It is important that the center be a place where these activities can take place easily and without unnecessary noise or other distractions. As a library user you will be expected to help maintain a quiet, orderly center where students can work and relax. A student entering the media center on a pass slip from a class should present the slip immediately to the librarian. When he is ready to return to class, he should have the librarian sign it and take it back to his teacher.

XXXIII. MEDICINES (Policy 6.405)
If under exceptional circumstances a child is required to take non-prescription or prescription medication during school hours and the parent cannot be at school to administer the medication, only the principal or the principal’s designee will assist in self-administration of the medication to competent students. All personnel assisting with medication administration should adhere to regulations as outlined in school board policy. All medications must be delivered to the principal’s office in person by the parent or guardian of the student unless the medication is required for immediate self-administration (i.e. asthma inhalers). Parental authorization will be required for a child to keep an asthma medication on his/her person, otherwise, all asthma medications, including inhalers and nebulizers, will be kept in the office.

Before any medication is taken at school, the student must have a
written statement from the physician that provides the following information:

1. Name of the child
2. Name of the drug
3. Drug dosage
4. Times of drug administration
5. Possible drug side effects, if known
6. Termination date for self-administration of the medication

8. Route of drug administration

A statement from the physician outlining emergency care will be required if a prescribed medication could necessitate a serious reaction (e.g. a diabetic child that requires insulin in response to blood sugar levels. The physician according the blood sugar level should order the amount of insulin).

Written consent from the parent to dispense the medications should be obtained. The form in the medication manual should be used. If the dosage of a medication or directions to give a medication changes, the parent will be required to complete a new authorization form to reflect the changes on-prescription medication will be dispensed at school for only a two-week period with parental authorization. Parents must pick up any remaining medication or it will be disposed of by designated school personnel. Should a student need to take a non-prescription medication at school for a period greater than two weeks, a physician’s statement with the name of the medication and why it is needed will be required.

The parent or guardian is responsible for informing the designated official of any change in the student’s health or change in medication.

**Blood Glucose Self Checks** – Upon written request of a parent or guardian, and if included in the student’s medical management plan and in the Individual Health Plan (IHP), a student with diabetes shall be permitted to perform a blood glucose check or administer insulin using any necessary diabetes monitoring and treatment supplies, including sharps. Nursing services include assessment for possible referral to a physician for diet consultation, individual wellness teaching, and help to improve attendance, and first aid. The nurses will also be available for education and community resource support for students with chronic illnesses such as diabetes and sickle cell anemia. The School Health Program is designed to promote healthy living and positive wellness choices for teenagers so that they can become healthier adults.

XXXV. GEMS (Gifted Education in Madison County Schools) Program
The program for high academic achievers, whose needs go beyond what the general education class can meet, is the GEMS Program. This is a Special Education Program and students must meet the State of Tennessee criteria in order to be served. The Tennessee State Department of Education requires that students go through a screening process where a School Screening Team reviews the student’s academic records (including grades, student risk factors, other standardized testing information, and classroom interventions) to determine the need for individual screening. If individual screening is recommended, parental permission is required in order to proceed. The individual screening process includes evaluations in the areas of Academic Achievement, Academic Performance, and Creative Thinking. The School Screening Team will review the results of the individual screening, parent information, school records and any other pertinent data. If the student meets the identification criteria set by the Tennessee Department of Education in one of the following areas: Academic
Achievement, Academic Performance, or Creative Thinking, the student will be referred for the Comprehensive Evaluation, which is the cognitive (IQ) portion of the evaluation. If alternative assessment strategies or instruments should be used, the School Screening Team will determine that prior to the administration of the Comprehensive Evaluation. Results of the assessment are shared with the parent and an Individual Education Plan is developed to address the needs of the student. Any student in grades K-12 may be referred for screening. For additional information, please call 664-2545.

Students will not consume, possess, use, sell, distribute or be under the influence of illegal drugs or alcoholic beverages in school buildings or on school grounds at any time, in school vehicles or buses, or at any school-sponsored activity, function or event whether on or off school grounds. This includes but is not limited to abuse of inhalants and prescription drugs. Upon information that a student is suspected of violating this policy, the principal of the school shall be notified immediately. If it is determined that board policy has indeed been violated, the principal shall notify the student's parent or guardian and the appropriate law enforcement officials. Disciplinary sanctions will be imposed on students who violate standards of conduct required by this policy. Such sanctions will be consistent with local, state and federal laws, up to and including suspension/expulsion as well as referral for prosecution. Completion of an appropriate rehabilitation program may also be recommended. Information about drug and alcohol counseling and
rehabilitation programs will be made available through the school office.

XXXVII. STUDENT ALCOHOL AND DRUG TESTING (Policy 6.3071)
Students will be notified in writing at the beginning of each school year or at the time of enrollment that they shall be subject to testing for drugs and alcohol during the school year. 2. Summon an appropriate witness to the proceeding and to assist in furtherance of the proceeding;
3. Inform the student of the substance of the information available to him/her, which is the basis for the determination that a test is necessary;
4. Inform the student of the procedures which shall be followed in administering the test;
5. Give the student an opportunity to decline the test and inform the student that if the test is not taken the penalty shall be expulsion from school and a hearing before the disciplinary hearing authority;
6. Notify the parent or guardian of the student of the impending test.
The appropriate witness shall take the student to a designated place in the school and collect a specimen from the student. The specimen shall be taken in a manner which will protect the privacy rights of the students and which will assure that the integrity of the specimen itself is not compromised. The type of specimen taken shall depend on the substance in question and the test performed on the specimen shall be appropriate for accurate detection of the substance in question. Once taken, the principal shall give the specimen an identifying number which in no way will reveal the identity of the student. The principal will forward the specimen for analysis to a laboratory accredited by the Tennessee Department of Health and Environment and designated by the Board. Upon receiving a written, certified copy of the analysis from the laboratory, the principal shall do one of the following:
1. If the results of the analysis are negative, all evidence of the individual test, including all records in the school that the test was ordered and the reasons therefore, shall be destroyed.
2. If the results of the analysis are positive, the student and parents or guardian shall be given the written notice of the result. In addition, they shall receive referral information which shall include counseling, in-patient, out-patient, and community-based drug and alcohol treatment programs.

School publications shall be under the control of the principal and each school shall have a faculty sponsor who reviews all publications proposed to be distributed in the school by a student or school group. If a request for distributing any portion of a student publication is denied by the faculty sponsor, the decision may be appealed to the principal, then to the director of schools, and ultimately to the Board.

INTERSCHOLASTIC ATHLETICS (Policy 4.301)
Madison Academic Magnet High School offers a wide variety of interscholastic athletics. Madison Academic’s Athletic Director coordinates the 2015-2016 athletic programs. No person shall, on
the basis of gender, be excluded from participation in, be denied
the benefits of, be treated differently from another person or
otherwise be discriminated against in any athletic program of the
school. Equal athletic opportunity shall be provided for members
of both sexes. Interscholastic athletics shall be administered as a
part of the regular school program and shall be the principal’s
responsibility. Principals shall ensure that school regulations
regarding participation in a sport are reasonable. Athletic schedules
shall be filed in each school principal’s office. The principal or
his/her designee must accompany an athletic team on trips.
Transportation of teams to athletic games is approved by the
Board, provided the team’s school reimburses the Board for
transportation costs. Bylaws of the Tennessee Secondary School
Athletic Association shall regulate the operation and control of
middle and secondary athletics, including magnet schools, except
that to the extent any TSSAA bylaw permitting participation by
students who are not enrolled and attending during the regular
school year in the Jackson-Madison County School System is
consistent with this policy. In the event that the school's insurance
provider does not extend coverage to an athlete, that athlete must
provide proof of independently secured catastrophic coverage, and
liability coverage, with the school system as a named insured, of
not less than the limits set forth in Tenn. Code Ann. § 29-20-403.³

the student. These records shall be on file in the principal’s office.
Parental permission must be obtained before physicals are
conducted. It shall be the responsibility of the parent(s) or guardian
to provide health and hospitalization insurance for all students
participating in interscholastic athletics. No principal or teacher of
any school under the control of the Board shall dismiss his/her
school or any group of students for the purpose of permitting them
to practice or play baseball, football, basketball or any similar
game within the regular school hours of any school day of the
week without written permission from the Board or the Board's
designee. This does not prevent the inclusion of regular physical
training lessons in the daily school program. Students shall not be
disqualified from participation on a school athletic team solely on
the basis of participation in another sport except where the season overlaps by more than two weeks. The Board specifically forbids the recruitment of students in any fashion. Participation in interscholastic athletics or marching band shall not be substituted for the lifetime wellness graduation requirement. Coaches and other employees of the school district shall not encourage, permit, condone or tolerate hazing activities as part of the athletic program. Code Ann.§ 49-6-3050(b)(1) and Board Policy 6.202 and be registered with the director of schools by August 1 of the current school year. The student must be enrolled in a home school conducted by his or her parent(s) or legal guardian(s), and the student must be taking a minimum of five (5) academic subjects or the equivalent administered by the parent(s) or guardian(s) which count toward graduation.

2. The student must have a legal residence within the school district. By August 15 of the school year, the parent or guardian must make application to the principal of the school in which the home school athlete would be assigned by virtue of the student’s residence as required by Policy 6.205.

3. The home school athlete shall meet the same academic standards required of a student athlete who is enrolled and attends a school in the District to participate in the athletic program; however, the Director of Schools or his/her designee in which a home school athlete wishes to participate shall work with the parent or guardian to ensure that the home school athlete is academically eligible. If a home school student’s course of study does not include five (5) academic subjects, then the Director of Schools and the parent shall develop an alternative measure of academic progress and submit the same to the TSSAA for approval. In no event shall a
home school student be eligible to participate if the student is not receiving the minimum of four (4) hours per day of instruction administered by their parent/guardian or if the student has fallen three (3) months or more behind the student’s appropriate grade level. Proof of academic eligibility shall be provided by the Director of Schools or his/her designee to the TSSAA each semester.

4. The home school student must provide to the Director of Schools or his/her designee proof of basic medical insurance coverage and both independently secured catastrophic insurance coverage and liability insurance coverage which names the School System and TSSAA as an insured party. The insurance must be in place before the home school student practices or participates and must be no less than the limits set forth in Tenn. Code Ann. § 29-20-403.

5. The home school student must pay an annual non-refundable participation fee in the amount of $150.00 for each athletic sport in which a home school athlete participates. The participation fee shall be paid in full prior to the first regular season contest for each sport. The participation fee is in addition to any fees or equipment/uniform costs that regularly enrolled student athletes are required to pay.

6. The home school student must meet all TSSAA eligibility requirements.

7. The home school athlete must adhere to the same standards of behavior, responsibility, performance, and code of conduct as other participants of the team. The opportunity to participate in interscholastic athletics is a privilege, and home school students who fail to adhere to the standards of behavior, responsibility, performance and code of conduct are subject to discipline including but not limited to dismissal from the team.

8. A home school athlete only has the opportunity to try out for a member school’s athletic team. Ultimate decisions on the roster are left to the coaches. No student is guaranteed participation, but only the opportunity to try out for a position on the team, subject to the other provisions of this policy. Any home school athlete that is selected to a team will be allowed to participate in all team related functions, activities and events.

9. No home school student serving a suspension or expulsion from
this or another school system is eligible to participate during the period of suspension and/or expulsion.

XLVI. USE OF THE INTERNET (Policy 4.406)
The Jackson-Madison County School Board supports the right of staff and students to have reasonable access to various information formats and believes it incumbent upon staff and students to use this privilege in an appropriate and responsible manner. All computers utilize blocks or Internet filters that protect students from material that is harmful to them. Student use of Internet will be monitored. Internet safety measures shall be implemented that effectively address the following: controlling access by students to inappropriate matter on the Internet and World Wide Web; safety and security of students when they are using electronic mail, chat rooms, and other forms of direct electronic communications, preventing unauthorized disclosure, use and dissemination of personal information regarding students; and restricting students’ access to materials harmful to them. A written parental consent shall be required prior to the student being granted access to electronic media involving district technological resources. The required permission/agreement form, which shall specify acceptable uses, rules of on-line behavior, access privileges and penalties for policy/procedural violations, must be signed by the parent/legal guardian of minor students (those under 18 years of age) and also by the student. This document shall be executed each year and shall be valid only in the school year in which it was signed unless parent(s) provide written notice that consent is withdrawn. In order to rescind the agreement, the student’s parent/guardian (or the student who is at least 18 years old) must provide the director of schools with a written request.

(Sexual, Racial, Ethnic, Religious, or Because of Disability)
Students shall be provided a learning environment free from sexual, racial, ethnic and religious discrimination/harassment. It shall be a violation of this policy for any employee or any student to discriminate against or harass a student through disparaging conduct or communication related to sex, race, national origin,
ethnicity, religion or disability. Student discrimination/harassment will not be tolerated. Discrimination/harassment is defined as conduct, advances, gestures or words either written or spoken of a sexual, racial, ethnic or religious nature which: (1) unreasonably interfere with the student’s work or educational opportunities; or (2) create an intimidating, hostile or offensive learning environment; or (3) imply that submission to or rejection of such conduct will be used as a basis for determining the student’s grades, course credit and/or participation in a student activity.

8. other kinds of aggressive conduct such as theft or damage to property which is motivated by race, national origin, ethnicity, religion or disability.

Bullying/Intimidation/Cyber-Bullying
Students shall be provided a safe learning environment. It shall be a violation of this policy for any student to bully, intimidate or create a hostile educational environment for another student. Bullying and intimidation are defined as either physically harming a student or damaging his/her property, or knowingly placing the student in reasonable fear of such, or creating a hostile educational environment. Cyber-bullying is a form of bullying undertaken
through the use of electronic devices. Electronic devices include, but are not limited to, telephones, cellular phones or other wireless telecommunication devices, text messaging, emails, social networking sites, instant messaging, videos, web sites or fake profiles. The policy addresses conduct taking place on school grounds, at any school-sponsored activity, on school-provided transportation, or at any official school bus stop immediately before boarding and immediately after exiting the bus. There will be no retaliation by a student or by school personnel against any student who reports or whose parent(s)/guardian(s) report(s) harassment, discrimination, bullying, or intimidation. Failure to abide by this policy will result in disciplinary action. If the act takes place off school property or outside of a school-sponsored activity, this policy (6.304) is in effect if the conduct is directed specifically at a student or students and has the effect of creating a hostile educational environment or otherwise creating a substantial disruption to the education environment or learning process.

**Student Protection Guidelines**

Alleged victims of the above-referenced offenses shall report these incidents immediately to a teacher, counselor or building administrator. Any allegations shall be fully investigated by the school principal (as set forth in Policy 6.305) and the results reported to the Team Leader for Pupil Personnel Services. Central office administrators will investigate allegations against school principals. The privacy and anonymity of all parties and witnesses to complaints will be respected. However, because an individual's need for confidentiality must be balanced with obligations to cooperate with police investigations or legal proceedings, to provide due process to the accused, to conduct a thorough investigation or to take necessary action to resolve a complaint, the identity of parties and witnesses may be disclosed in appropriate circumstances to individuals with a need to know. A substantiated charge against an employee shall result in disciplinary action up to and including termination. A substantiated charge against a student may result in corrective or disciplinary action up to and including expulsion. An employee disciplined for violation of this policy may appeal the decision as set forth in Policy 5.501. Any student disciplined for violation of this policy may appeal the decision in
accordance with disciplinary policies and procedures as set forth in Policy 6.613.

If, after hearing the student’s explanation and other investigation as necessary, the principal determines that there has been willful loss or damage of the textbook he/she shall assess the appropriate fine and notify the parents in writing.
