GRADES PK-12

Jackson-Madison County School System schools must be environments in which work can be accomplished by adults and students. Staff will dress professionally and students' dress will fall within the following guidelines in order to create an orderly setting in which teaching and learning can occur without distraction and to help young people prepare for the world of work. Standardized expectations related to student dress will assist our mobile student population as students move from school to school within the district.

The school administrator will make the final decision about whether an article or style of dress falls outside these guidelines and appropriate dress during extracurricular activities. Teachers and school administrators will be held accountable for the enforcement of these guidelines. These guidelines will be applied consistently to all students unless a student's Individual Education Plan (IEP) indicates otherwise. All requirements except the one for skirts apply equally to boys and girls. Principals are allowed, with Director's authorization, to designate discretionary days (i.e., picture day, homecoming week, etc.)

Harassment/bullying of students shall not be tolerated. Students who harass or bully shall be disciplined according to the provisions of 6.313.
