

## JACKSON-MADISON COUNTY SCHOOL SYSTEM

# Madison Academic Vex Robotics qualifies for state championship

## Two Mustang squads enter 64 team high school tournament

**T**wo Madison Academic High School robotics teams have received invitations to compete at the 2024 Tennessee VRC High School State Championship on March 1-2 at Brentwood Academy. Both squads have won multiple awards and are excited to go to state. This is an incredible accomplishment for a 1<sup>st</sup> year

program! Only 64 high school teams are invited to compete, and a large portion of the teams come from independent organizations or private schools. Amanda Beyer is the robotics coach at Madison. Thank you for representing JMCSS. Fingers crossed! We may have another JMCSS team make the cut. Stay tuned! #WINNING
