District office supports Transition Academy fundraiser

Adult preparation students build skills, raise \$400 from sewing crafts

Our Transition Academy is an adult preparation program that provides post-secondary support for students who are 18-years or older and have been diagnosed with disabilities. Students learn home life skills that will allow them to take care of themselves. These students recently

visited the Board of Education to sell the decorative pillows they created. This group raised more than \$400! I commend the students for their efforts and our Central Office staff for their willingness to support entrepreneurial growth among our Transition Academy students. Now that's #WINNING!

**From the
Superintendent's
Desk**

It's spring play season! Madison Academic will perform the hilarious comedy "30 Reasons not to be in a Play" at Lane College on February 23, 24, & 25. We'll see you there!

The Super Challenge

Find the area of a sector whose perimeter is 110 cm and radius 20 cm.
2/22 answer: 1/4

WOW: Word of the Week
Vestige: remnant or trace
