JACKSON-MADISON COUNTY SCHOOL SYSTEM Elementary sports expand with Indoor Soccer

Inaugural season starts in October, expanded schedule ahead in 2025

Few extracurricular activities drive excitement on campus like athletics, and this semester indoor soccer will fuel enthusiasm and character development at district elementary schools during an introductory season. Indoor soccer, which is also known as futsal around the international soccer community, provides a continuation of our efforts to increase athletic opportunities for our elementary-

age students, build future interest and capacity for soccer at the middle school level, and increase occasions for character and soft skills development. This new activity follows our wildly successful elementary basketball expansion. Elementary basketball will resume for a third season in spring 2025. Stay tuned for additional information!
